

quickcenter™

brent®

now you have time to center your class around the wheel

Save time in the classroom... and guarantee success!
Clay is automatically centered and ready to "throw" in 3 easy steps:

1. Load the Canister/Plunger with clay
2. Place the Bat Set onto the wheel head with pins
3. Center the Canister/Plunger into the Recessed Bat Set

Start wheel up slowly to a constant speed for throwing.
